Mini Cover Art

Edition 2026.07

For the few who collect the unseen.

MCA

MCA is an ongoing collection of original illustrations released as limited Fine Art editions. Each edition is released only in the quantity the artwork deserves — never exceeding 39 copies.

What MCA is

Original mixed-media illustrations.

Produced as premium Fine Art prints on carefully selected stock.

Hand-signed, individually numbered and sealed in an acrylic holder.

Every edition features a holographic certificate of authenticity.

Designed, illustrated, and produced by Sven Heinzelmann.

What MCA is not

Not mass-produced.

Not digital downloads.

Not posters.

Not reprints.

The Principle

Every edition is final.

Once an edition is complete, it remains complete.

No reprints. No second editions. No exceptions.

Every edition becomes part of the MCA archive.

Hand-Finished Artwork

Every MCA card begins as an original illustration. Some artworks receive a final hand-applied accent, carefully added to enhance the piece. These subtle details are only added when they enhance the artwork. Not every card needs that final touch.

The artwork decides.

Expect the unexpected.
